- Ronda stated that this was not a tax increase, this is our current yearly increase, the board did not approve any tax increases this year. This was put in the paper because the budget hearing was not put in the paper, like it should have been done. The reason the budget hearing was not in the paper is due to the fact Ronda had just taken office and the budget had to get done due to a time line.
Ronda Made Motion to accept the current increase of the normal year to year tax increase, that renews yearly.
